LOUISVILLE TIMES.

SATURDAY—DECEMBER 20, 1886

Judge Johnston stated before the Police Court, on Thursday, that the Work House in this city is in a most deplorable condition—indeed, a public nuisance. He discharged several prisoners, from the fact that the place was not fit for their healthy custody.

VALLEY & CO'S EXPRESS.—This freight line is now in active operation, and we learn from their efficient agents in this city, Messrs. McDowell & Robertson, that goods to and from the north, east and west, are being delivered in very quick time, and at moderate rates. Give them a call. They are also agents for the Jefferson and New Albany railroads—giving through receipts to all the important points.

THE RIVER. Last night we had four feet large on the falls, with the river still rising slowly.

The "David White" arrived yesterday afternoon, bringing a fair trip of freight and passengers from New Orleans.

The Lightfoot, Denmark, Moderator, and V. K. Stevenson, were at the wharf yesterday, besides the mailboats and packets.

Business was quite animated on the levee, and the shipments have been fully an average for the regular trade.

The storm and wind have detained the boats from below some twenty or thirty hours, but they may all be anticipated during New Orleans tomorrow.

The Wm. Baird, from Cincinnati, will be found at the city wharf this morning, on her way to St. Louis.

The fine steamer V. K. Stevenson, a regular packet, leaves for Nashville this morning at 8 o'clock, positively. Two more elegant gentlemen than Captain Seyter, and Mr. Ang. Chamagne, her first clerk, are no where to be found on land or water. Passengers will find the Stevenson and her officers "all right." Be on board in time to secure a berth.

The St. Louis Intelligence, of Thursday, says: There is at present a very large amount of ice floating in the river, opposite the city, and it is fast becoming thicker and heavier. Boats now begin to find it hard work to get through when coming upstream. The water fell but little yesterday, not more than four or five inches; it has fallen all since Saturday about four feet.

FURNISHING GOODS AT COST.—We refer our readers to the conspicuous advertisement in this morning's paper of A. D. Mansfield. He offers his entire stock of gent's furnishings and fancy goods at cost prices and at a sacrifice. His stock consists of gent's fine coats, suits, vests, and every article of gent's wear. This is a good opportunity for those who wish to make fine Christmas and New Year's presents to lay all kinds of fine and fancy articles at prime cost. Mr. M. is a clever gentleman and deals on the square with all. Our clever friend McDermott will be happy to see all of his old friends at the above establishment, corner of Main and Third streets.

PLAIN AS THIS NOSE ON A FACE.—Weiser's Gallery is resorted to for pictures on account of the superiority of their work, and the beautiful variety of cases, frames, lockets, medallions, brooches, charms, etc., suitable for glass pictures, just the kind for holiday presents.

Lewis Rehm requests us to say he will have his usual supply of fine beef, mutton and bear meat, on Tuesday and Wednesday night, and there will be no market on Thursday and Friday.

Old and young are now indifferently using Prof. Wood's Hair Restorative; some as a cosmetic or beautifier of the complexion, some to prevent the hair falling, some as a dress dressing for the hair, and others to make it grow and to change gray hair to its original color; and there is no doubt of its answering all the purposes for which it was designed by its illustrious inventor—Dr. Raymond & Patten are the agents.

Yesterday evening, while a warm rain was falling in Pittsburgh, it was freezing hard here. Last night was bitterly cold.

There is about 200,000 bushels of coal in the hands of dealers in this city. It is retailing at 25 cents per bushel.

The A. L. Shovel reached Louisville last night from New Orleans. We are indebted to her for files of the 12th.

We understand that a free negro in Cadiz, Ky., who had some hand in the plot of the B. & O. insurance, was hung by the people of Trigg county.

FINE JEWELRY AT COST, AND NO MISKAKE.—We invite attention to the advertisement in today's paper, of Capt. J. H. Hirschbuhl. He is opening his fine stock of watches, clocks, diamonds and fine jewelry, at cost, for a few days only. From a long absence from business, by sickness, it has forced the inevitable Captain to offer his fine stock of goods at cost, to meet his payments. The reputation of Captain H. is well known in this community as an honest man, and he sells his goods just as he represents them to the public by advertisement, and no humbug. We will vouch for this. His store is No. 529 Main street, near Third street.

TARGET.—Last night, when an unusual cold wind, witnessed an attendance at the theatre, on the occasion of the last appearance of the currently popular actress, Miss Lane, that speaks well for the taste of our numerous drama-goers. Miss Lane leaves for Nashville, Tenn., where she intends filling a series of engagements, and where we hope she will meet with that encouragement due to high dramatic merit. The play for to-morrow night is the "Serious Family."

THE KELLER TROUPE.—This world-wide famous troupe of artists will gratify our citizens to-morrow evening, at Mozart Hall, with their magnificent tableaux, a programme of which may be found in our columns.

Mozart Hall has been admirably arranged for the presentation of these tableaux, and nothing will be spared to show them in their best light. Their popularity with the most refined has been immense. Whenever they have exhibited their rare living pictures, they have been met by universal admiration. Nothing of the kind has ever been attempted, and M. Keller may congratulate himself that he has succeeded in realizing at this great distance, a perfect presentation of the works of the great masters.

The New York Mirror says of the tableaux of M. Keller: "It is quite impossible to convey, by description, any idea of the classic beauty, the chastity, and the high artistic finish of these animated pictures, for they are all living illustrations of the most celebrated works of art, either in painting or statuary. That they may possess too much refinement of beauty to be fully appreciated by some minds, we can readily believe, but that they will attract, as well by their novelty as by their exceeding excellence of detail is remarkable, and every figure in the group forms a separate and distinct study. There is nothing that in the slightest degree approaches grandness, or that can offend either the most delicately scrupulous or the most fastidious taste."

Such is the expression of all who have witnessed these unequalled pictures presented by living and breathing forms of those creations of genius which gave their originators immortality. No wonder, then, that our citizens are all anxious that the exhibition shall commence, and eagerly expect the day.

TO MERCHANTS.—Read the advertisement in another column of this morning's paper, of Messrs. Smith, Guthrie & Co. They offer one of the best and largest stocks of groceries and liquors to be found in this market, consisting of everything kept in this line. We saw, while passing their large establishment yesterday, that they were very busy filling orders for country merchants with choice groceries for the holidays.

This is emphatically the house to buy groceries and liquors, and merchants will always find the courteous, indomitable Mr. Guthrie on hand to show them through their large stock and fill their orders. This firm consists of clever, honorable gentlemen and fair dealers, and sell their goods at fair prices.

Mr. Eli F. Lezer, on the corner of Fifth and Green streets, has from 40,000 to 70,000 bushels of coal for sale, which he will dispose of at 25 cents per bushel.

FOR RENT.—See Store Rooms for rent in today's paper. These stores are some of the best in the city and are in the most business part—on Sixth street under the Exchange Hotel. Enquire of Capt. J. Camels.

Mr. Hurley, on the corner of Seventh and Green, is doing a land office business in Quick Yeast. This article appears to have an extraordinary demand, as many as twenty houses being constantly employed in that department.

"ADVENT OF CHRIST."—Rev. Geo. W. Smiley will preach in Sehon Chapel here at 11 o'clock A. M., subject "First Advent of Christ," and at 7 o'clock P. M., upon the "Second Advent of Christ."

The afternoon services in Sehon Chapel have been changed from 3 to 7 P. M.

Fair's Age Tonic, or substitute for quinine, is the safest and most effective cure for age.

BROCHETS.—At this season of the year many people suffer from the above disease, which frequently assumes a chronic form, accompanied with distressing cough and general emaciation of the body, with constant irritation about the throat and chest. Hurley's Sarsaparilla will be found sufficiently stimulating to rouse the parts to a healthy action, and its soothing influence on the inflamed surface more salutary than the customary means adopted.

FOR CHAPS.—Persons troubled with roughness of the skin can find nothing superior to the Ammonia and Glycerine Cream, one of our preventive, the other as a cure. They are for sale at 74, Fourth street, opposite the National Hotel.

Good News! Good News!—Coal at one cent per bushel. Who will take a load at this price? We suppose a large number of purchasers of coal could be found at these prices, but not so many as there are for Porter's Oriental Life Liniment. Over five thousand bottles of it have been sold at retail in the last month, at the principal depot of this city.

At this time, when the only genuine Oriental Life Liniment can be had, it has been used with success in 200 cases of frost bites during the present winter. The Oriental Life Liniment is sold at twenty-five cents per bottle, and each purchaser receives a gift worth from ten cents to twenty-five dollars. Among the articles intended for gifts are twenty-five loads of coal; also, an assortment of jewelry, consisting of silver watches, gold pins and ear-rings, gold pens and pencils, fancy work boxes, double barrel shot guns, books, toys, perfumery, &c. Now is the time to get Christmas presents cheap. Remember the place, 96 Third street, near the Post Office.

They are induced to do this in order to reduce their stock by the first of January next, at which time some of the members of the firm will withdraw from the concern. This is an old house and favorably known.

GREAT GIFT SALE.—Ninety-six Third street is the place to get your money back. The proprietor of the Oriental Life Liniment is selling this valuable remedy at 25 cents per bottle and giving each purchaser of a bottle a gift worth from ten cents to twenty-five dollars.

The Oriental Life Liniment should be kept constantly on hand by every family. One great evidence of its usefulness is the fact that over one hundred and fifty thousand bottles have been sold in the last three years, and the demand is increasing every day. Remember the place, 96 Third street, between Market and Jefferson, near the Post Office.

DR. ROBERT'S SCANDINAVIAN REMEDY.—In directing the attention of our readers to Dr. Robert's advertisement, we have no hesitation in saying that all he claims for his medicine is confirmed by certificates from all parts of the west. The language of these certificates is so earnest and grateful, and the cure for such a variety of diseases, that it would be to question the restorative properties of the preparation. It appears that while botanizing among his native mountains, in Sweden, during a visit to that country some years ago, he collected a large quantity of rare medicinal herbs, unknown in this country, and by combining the ingredients and solid extracts of those possessing powerful detergent properties, he succeeded in producing his celebrated Blood Purifier and Skin Cure, which are said to exercise a more beneficial effect on the fluids of the human body than any other curatives in existence. Dr. Robert's theory is, that all diseases originate in the blood, and would seem that the rapid recovery of his patients, under a course of these disinfectants, affords strong presumptive evidence that his pathology is correct. It is in this fact, the celebrity of his medicines increases daily, and that he has authentic proofs of their success in his possession. See advertisement.

DR. S. A. Weaver has directed his attention for years to each disease as Canker, Erysipelas, Scrofula, and we are happy to learn that his patient recoveries have resulted from the use of those afflicted with such diseases. The Canker and Salt Rheum Syrup, with the Ointment, will be found the most certain and speedy cure ever offered to the sufferer. It is a simple, safe, and effective remedy, and has acquired the certainty of cure whenever it is used, induces us to urge upon all the necessity of playing particular attention to this subject. These medicines are for sale by Stewart, Miller & Co., Louisville, Ky.; Hoover, Kiley & Riddle, New Albany, Ky.; J. N. Harris & Co., Cincinnati, Ohio.

Be it remembered that the Pain Killer is not only a liniment, but used internally with great success, as the following letter will prove:

SHREVEPORT, Tenn., Oct. 15, 1886.
Messrs. Perry Davis & Son:
Sirs:—Gratitude to you and duty to suffering humanity, require that I should make known the great benefit I have derived from the use of your truly valuable Vegetable Pain Killer; and if, by seeing this, any sufferer will be induced, as I was, to give it a trial and be healed, I shall be compensated a thousand fold.

In June 1885, after a protracted illness of several months, I was more severely attacked with dizziness, vertigo, when attempting to walk, dimness of sight, and loss of appetite, accompanied with a feeling of heaviness in the head. My physician pronounced my case pneumonia bordering on the first stage of consumption; and after exhausting his skill, declared positively that I had the consumption, and that I had nothing for me, and that I must die. However, he advised me to use "Pain Killer," as he said as the best thing I could do, which I did, with no effect. I then made use of four bottles of "Pain Killer," which proved inefficacious.

By this time, my symptoms were, pain in the head, morning, evening, and during the night, dizziness, vertigo, when attempting to walk, dimness of sight, and loss of appetite, accompanied with a feeling of heaviness in the head.
